GUANGDONG CREATEKING NEW MATERIALS TECHNOLOGY CO., LTD.

THE ORIGINAL MANUFACTURER OF WPC WALL PANELS
WATERPROOF FLOORING PROFILES, SKIRTING BOARDS AND SPC FLOORING

ABOUT US

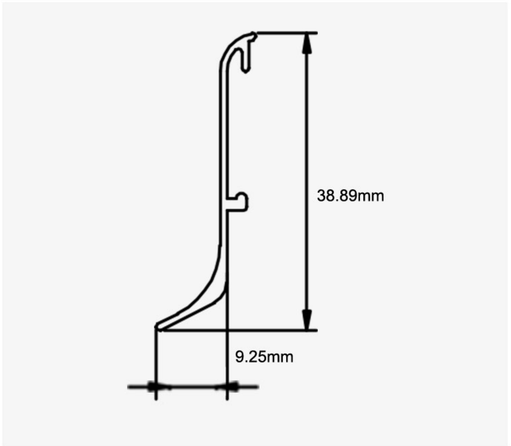

Guangdong Createking New Materials Technology Co., Ltd., founded in 2000, is a high-tech enterprise specializing in the research, development, production, and marketing of innovative environmentally-friendly decorative materials. We primarily manufacture and sell the Createking brand series of environmentally friendly and energy-saving wall decoration materials, as well as flooring accessories. This includes WPC wall panels, interior panels, a complete range of skirting boards, comprehensive trim, and SPC flooring. These products are well-received both in the international and domestic markets.

Our products boast numerous advantages, including fire resistance, waterproofing, insect and termite resistance, low carbon emissions, sound insulation, heat insulation, deformation resistance, quick installation, and recyclability. They are extensively used in the fields of homes, villas, hotels, clubs, shopping malls, restaurants, office buildings, and more. To ensure product quality, we have obtained recognition as a national high-tech enterprise, ISO9001 and SGS certifications, and possess advanced production equipment and a well-established quality management system.

Covering an area of 13,200 square meters, our company houses 24 fully automated extrusion production lines and has established a comprehensive and standardized quality management system. We are strategic partners with renowned flooring brands such as Power Dekor, Nature, ELEGANT LIVING, Der, KENTIER, and YANGZI FLOOR. Since 2002, our products have continuously been exported to countries and regions including Canada, the Middle East, Australia, and Southeast Asia, enjoying a high reputation.

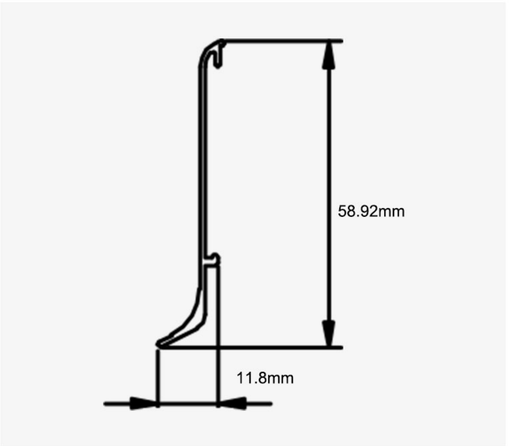

Our development goal is to achieve an annual sales revenue exceeding 250 million within the next three to five years and to establish "Createking" as the most recognized smart integrated brand both internationally and domestically. We will uphold the business philosophy of "Achievement Through Persistence, Success Through Perseverance," adhere to the service purpose of "Respect Nature, Love Humanity," continuously pursue the material and spiritual well-being of our employees, and contribute to the progress and development of humanity and society.
